the P.W.D.

A revised estimate for Rs 23,500/- was received from the Ch: Engr. in January 1914 - Flag F.

It is now stated by the Ch. Engr. that as the estimate was prepared during 1911-12 as the prices of materials have since gone up, the rates tendered by one Mr. H. Reed of Madura Kere Kafate for iron work are fair and that his rates in other respects also are none too high, and that the Executive Engr. recommends the acceptance of the tender.

The Ch: Engr. accordingly requests to be informed whether the extra cost of Rs 3572 ($\frac{2}{3}$ of Rs 5268) can be met from the temple funds.

H. From statement B (page 50) in the records collection (B. 120-07-(1-30)) it will be seen that the invested surplus at the credit of the temple was Rs 1,47189-4-9 & uninvested Rs 17337-1-11 at the end of June 1915.

Two-thirds of Rs 23,500, the amount of the original estimate, is Rs 15666-10-8 and added to this the excess cost of Rs 3572, the total amount to be met from the temple funds will be Rs 19,178-10-8. It is ascertained from the Comptroller's office that the amount of Rs 15666-10-8 has already been placed at the disposal of the P.W.D and that at the end of June 1916 there was a minus cash balance of Rs-1992-6-4.

Sir,

With reference to Government Proceedings No. 1904-7/Muz. 120-07 of the 12th February 1910, sanctioning an estimate amounting to Rs. 23,500 for the water supply of Kalasa Town, I have the honour to inform you that, in accordance with the notification calling for tenders, only one gentleman by name Mr. H.Reed of Mavinkere Estate, Kalasa, has tendered for the work. On examining his tender, it is found that it exceeds the sanctioned estimate amount by Rs. 5,268. As the estimate was prepared during 1912-13 and as the prices of materials have since been increased, the rates tendered by him for iron work are fair. Even in regard to earth, stone and masonry works, his rates are none too high, as Kalasa is an out-of-the-way corner and all the materials have to be carried by head loads from the main road. The Executive Engineer recommends the acceptance of this tender The extra amount payable from the temple funds is Rs.2/3 x 5268 or Rs. 3512. I therefore request you will be so good as to state whether this extra sum can be made available from the temple funds. If not, orders may kindly be obtained as to how
